10. Details of the Scheme

- a) The scheme envisages the Amalgamation of Zandu Realty Limited, as a "going concern" with Emami Infrastructure Limited pursuant to Sections 230 to 232 and other applicable provisions, if any of the Companies Act, 2013.
- b) The Appointed Date is 1st April, 2017;
- c) The Effective Date means the last of the dates on which the certified or authenticated copies of the orders of the National Company Law Tribunal sanctioning the Scheme are filed with the Registrar of Companies by the Transferor Company and by the Transferee Company.
- d) Upon the Scheme becoming effective and the undertaking of the Transferor Company transferred to Transferee Company, the Transferee Company shall issue and allot equity shares to the equity shareholders of Transferor Company whose names appear in the Register of Members of the Transferor Company on the Record Date, 7 (seven) equity shares of the nominal value of ₹ 2/- each fully paid up in the Transferee Company for every 1 (one) equity share of ₹ 100/- fully paid up held by such member in the Transferor Company.
- e) On the Effective Date, 2,86,329 equity shares of ₹ 100/- each all fully paid up held by the Transferee Company in the Transferor Company shall stand cancelled without any further act or deed.
- f) The rationale for the Scheme or the Benefits of the Scheme as perceived by the Board of Directors of the Applicant Companies to the Applicant Companies, Shareholders, Creditors and Others:
- i. The growth of Indian Real Estate Industry in the last few years has been sluggish with decrease in demand across all sectors due to overall economic slowdown. However, initiatives such as "Clean India" and "Smart Cities" projects clearly indicate that the Government recognizes urbanization as a feature of modernity. The mammoth and ambitious goal of Indian Government of providing affordable Housing to all its citizen by 2022 coupled with overall growth in economy, increased FDI inflows in construction industry, lower interest rates and path-breaking regulatory developments such as RERA and GST, will provide much needed impetus to the Real Estate Industry in India. Large sized efficiently managed companies with wider territorial presence will spearhead the Real Estate growth in the country.
 - ii. The complications of construction industry coupled with volatility and uncertainty in market, emphasizes the need for highly efficient and competent managers to steer them. With many emerging players, procurement of skilled and efficient managers is one of major concerns for the real estate industry.
 - iii. The Transferee Company is a pioneer in the real estate sector and is testimony to attract the best talents available in the industry. The Transferee Company is having its footprints spanning across Chennai, Kolkata,

Mumbai, Jhansi, Bhubaneswar, Hyderabad, Coimbatore and Indore. The Company's operations span to all real estate sectors such as residential, commercial and retail and to all aspects of real estate development, including the identification and acquisition of land, the planning, execution and marketing of the projects including management of projects owned by other Landlords.

- iv. The Transferor Company is an associate of the Transferee Company. It has completed successfully development of its project "Zandu Sigma Estate" at Dadar, Mumbai. It is exploring further opportunities and has in the meantime deployed its funds in investment in securities.
 - v. The Transferee Company and the Transferor Company are both engaged in real estate business and are listed companies. The Transferor Company is an associate of the Transferee Company and both are companies under the same management. Thus, the amalgamation will ensure focused management in a single combined entity thereby resulting in efficiency of management and maximizing overall shareholder value.
 - vi. The proposed amalgamation will bring in advantages of synergy in operations and economies of scale. The pooling of resources of companies will create strong financial structure and facilitate resource mobilization and achieve better cash flows. The combined net worth in a single entity shall facilitate in attracting funds from strategic investors and/or financial institutions at competitive rates. Thus, the synergies created by the horizontal merger will increase the operational efficiency and integrate business functions of the amalgamated entity and help to pursue inorganic and organic growth opportunities of such business. It will also lead to more efficient utilization of capital and create a consolidated base for future growth of the amalgamated entity.
 - vii. The amalgamation will also result in administrative and operational rationalization, organizational efficiencies, reduction in overheads and other expenses and optimal utilization of various resources. It will prevent cost duplication, overlapping of administrative responsibilities and multiplicity of records, legal and regulatory compliances generally involved with running two separate entities and more particularly due to the listed status of both the companies involved. It will enable a dedicated management to focus and accelerate growth of the amalgamated entity.
 - viii. The amalgamation will result in not only, pooling of efficient human resources and putting them to optimum utilisation for the growth of the merged entity but also attracting efficient manpower by the merged entity.
 - ix. The rationale for continuing with two separate entities in the same business no longer exists. It is considered prudent and more appropriate to consolidate similar businesses in one entity. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business, thus enabling focus on core competencies.
 - x. The amalgamation will enable greater realization of the potential of the businesses of the Transferor and Transferee Companies in the amalgamated entity and have beneficial results for all concerned.
 - xi. The assets of the amalgamated entity will far exceed its liability and rights of the creditors of the Transferor Company and the Transferee Company are not in any way prejudiced.
 - xii. The Scheme shall also be in the larger interest of the public shareholders of the Transferor Company and Transferee Company as amalgamation of the two companies will lead to cancellation of 2,86,329 equity shares of the Transferor Company held by the Transferee Company, which constitutes 35.51% of the paid up share capital of the Transferor Company. These will result into reduced combined paid-up capital leading to higher earnings per share.
 - xiii. The Scheme envisages transfer of entire undertaking of the Transferor Company as a going concern to the Transferee Company and is in the interest of its shareholders, creditors, employees and all concerned.
 - xiv. In view of the aforesaid, the Board of Directors of the Transferor Company and the Transferee Company have considered and proposed the amalgamation of the entire undertaking and business of the Transferor Company with the Transferee Company in order to benefit the stakeholders of both the companies. Accordingly, the Board of Directors of the Transferor Company and the Transferee Company have formulated this Scheme of Amalgamation for the transfer and vesting of the entire undertaking and business of the Transferor Company with and into the Transferee Company pursuant to the provisions of Section 230 to 232 and other relevant provisions of the Companies Act, 2013.
- g) Salient features of the Scheme are set out as below:
- a) Upon the Scheme becoming effective and with effect from the Appointed Date, the Undertaking of the Transferor Company shall, without any further act or deed be transferred to and be vested or deemed to be vested in the Transferee Company as a going concern, pursuant to Sections 230 to 232 of the Act but subject to all charges, liens, mortgages, lispendens, if any, then affecting the same or any part

thereof and all the creditors of the Transferor Company shall become the creditors of the Transferee Company on the same terms and conditions.

- b)** Without prejudice to the generality of Clause 4.1 of the Scheme, upon the coming into effect of this Scheme and with effect from the Appointed Date.
- c)** All the assets and properties comprised in the Undertaking of whatsoever nature and wheresoever situated, shall, under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act or deed, be and stand transferred to and vested in the Transferee Company or be deemed to be transferred to and vested in the Transferee Company as a going concern so as to become the assets and properties of the Transferee Company.

B. RATIONALE FOR THE SCHEME

- i. The growth of Indian Real Estate Industry in the last few years has been sluggish with decrease in demand across all sectors due to overall economic slowdown. However, initiatives such as “Clean India” and “Smart Cities” projects clearly indicate that the Government recognises urbanization as a feature of modernity. The mammoth and ambitious goal of Indian Government of providing affordable Housing to all its citizen by 2022 coupled with overall growth in economy, increased FDI inflows in construction industry, lower interest rates and path-breaking regulatory developments such as RERA and GST, will provide much needed impetus to the Real Estate Industry in India. Large sized efficiently managed companies with wider territorial presence will spearhead the Real Estate growth in the country.
- ii. The complications of construction industry coupled with volatility and uncertainty in market, emphasises the need for highly efficient and competent managers to steer them. With many emerging players, procurement of skilled and efficient managers is one of major concerns for the real estate industry.
- iii. The Transferee Company is a pioneer in the real estate sector and is testimony to attract the best talents available in the industry. The Transferee Company is having its footprints spanning across Chennai, Kolkata, Mumbai, Jhansi, Bhubaneswar, Hyderabad, Coimbatore and Indore. The Company’s operations span to all real estate sectors such as residential, commercial and retail and to all aspects of real estate development, including the identification and acquisition of land, the planning, execution and marketing of the projects including management of projects owned by other Landlords.
- iv. The Transferor Company is an associate of the Transferee Company. It has completed successfully development of its project “Zandu Sigma Estate” at Dadar, Mumbai. It is exploring further opportunities and has in the meantime deployed its funds in investment in securities.

- v. The Transferee Company and the Transferor Company are both engaged in real estate business and are listed companies. The Transferor Company is an associate of the Transferee Company and both are companies under the same management. Thus, the amalgamation will ensure focused management in a single combined entity thereby resulting in efficiency of management and maximising overall shareholder value.
- vi. The proposed amalgamation will bring in advantages of synergy in operations and economies of scale. The pooling of resources of companies will create strong financial structure and facilitate resource mobilisation and achieve better cash flows. The combined net worth in a single entity shall facilitate in attracting funds from strategic investors and/or financial institutions at competitive rates. Thus, the synergies created by the horizontal merger will increase the operational efficiency and integrate business functions of the amalgamated entity and help to pursue inorganic and organic growth opportunities of such business. It will also lead to more efficient utilisation of capital and create a consolidated base for future growth of the amalgamated entity.
- vii. The amalgamation will also result in administrative and operational rationalisation, organisational efficiencies, reduction in overheads and other expenses and optimal utilisation of various resources. It will prevent cost duplication, overlapping of administrative responsibilities and multiplicity of records, legal and regulatory compliances generally involved with running two separate entities and more particularly due to the listed status of both the companies involved. It will enable a dedicated management to focus and accelerate growth of the amalgamated entity.
- viii. The amalgamation will result in not only, pooling of efficient human resources and putting them to optimum utilisation for the growth of the merged entity but also attracting efficient manpower by the merged entity.
- ix. The rationale for continuing with two separate entities in the same business no longer exists. It is considered prudent and more appropriate to consolidate similar businesses in one entity. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business, thus enabling focus on core competencies.
- x. The amalgamation will enable greater realization of the potential of the businesses of the Transferor and Transferee Companies in the amalgamated entity and have beneficial results for all concerned.
- xi. The assets of the amalgamated entity will far exceed its liability and rights of the creditors of the Transferor Company and the Transferee Company are not in any way prejudiced.
- xii. The Scheme shall also be in the larger interest of the public shareholders of the Transferor Company and Transferee Company as amalgamation of the two companies will lead to cancellation of 2,86,329 equity shares of the Transferor Company held by the Transferee Company, which constitutes 35.51% of the paid up share capital of the Transferor Company. These will result into reduced combined paid-up capital leading to higher earnings per share.
- xiii. The Scheme envisages transfer of entire undertaking of the Transferor Company as a going concern to the Transferee Company and is in the interest of its shareholders, creditors, employees and all concerned.
- xiv. In view of the aforesaid, the Board of Directors of the Transferor Company and the Transferee Company have considered and proposed the amalgamation of the entire undertaking and business of the Transferor Company with the Transferee Company in order to benefit the stakeholders of both the companies. Accordingly, the Board of Directors of the Transferor Company and the Transferee Company have formulated this Scheme of Amalgamation for the transfer and vesting of the entire undertaking and business of the Transferor Company with and into the Transferee Company pursuant to the provisions of Section 230 to 232 and other relevant provisions of the Companies Act, 2013.

1. Introduction

1.1 Purpose

The Board of Directors of Emami Infrastructure Limited (“EIL”) and Zandu Realty Limited (“ZRL”), collectively being referred to as Group Companies/under same management, as a measure of business reorganization are considering proposal to amalgamate ZRL into EIL under Scheme of Amalgamation (“Scheme”) u/s 230 to 232 of the Companies Act, 2013.

Under the Scheme, the consideration of the amalgamation is to be settled by EIL by issuance of equity shares to the shareholders of ZRL. The shares will be issued based on the fair value of both the companies.

ZRL is an associate of EIL. Both the companies are engaged in real estate business and are listed companies. Further, both are Companies under the same management. 4. Basis of Valuation

It is universally recognized that valuation is not an exact science and that estimating values necessarily involves selecting a method or an approach that is suitable for the purpose. The basis of valuation would depend on the purpose of valuation, nature of business, future prospects of the business & industry and other attendant circumstances. Different methodologies are adopted for valuation of manufacturing, investment, property and trading companies. Investment and property companies are valued based on the market value or fair value of their underlying assets while manufacturing companies are valued in relation to profits from business and relative value of assets. There are commonly used and accepted methods for determining the fair value of the equity shares of the Companies, which have been considered in the present case, to the extent relevant and applicable:

- Net Asset Value Method (NAV) under Asset Approach
- Discounted Cash Flow Method (DCF) under Income Approach
- Market Price Method (MP) under Market Approach

4.1 Net Asset Value Method (NAV) Method:

The asset based valuation technique is based on the value of the underlying net assets of the business, either on a book value basis or realizable value basis or replacement cost basis. This methodology is likely to be appropriate for business which derives value mainly from the underlying value of its assets rather than its earnings. This method may also be appropriate for a business that is not making an adequate return on assets and for which a greater value can be realized by liquidating the business and selling its assets. Determining Real Value of Assets and Liabilities appearing in Books of Accounts and Market value / Replacement value of Assets would reflect true value of the Asset base of the Company.

4.1.1 Valuation of EIL under Net Asset Value Method:

In order to arrive at the fair value of the Company, we have considered the following:

- (a) Projects under execution or which are under advanced stage of planning / implementation have been valued at net realisable value.
- (b) Investments in subsidiaries, other associate companies & LLPs have been considered at net realisable value of the respective projects to the extent of EIL's share in the respective companies/entities.
- (c) Investment in Zandu Realty Limited has been valued at relative value arrived as below in paragraph no.4.4.2.
- (d) Land & properties which are not part of the project has been valued at market value considering circle rate as on the valuation date.
- (e) All other assets & liabilities which are not part of the project as mentioned above, have been valued at book values as on 1st April 2017, relying on management's representation that these assets are realizable at their book values in the ordinary course of business.

The valuation of EIL under Net Asset Value Method is arrived at Rs.194.36 per share.

4.1.2 Valuation of ZRL under Net Asset Value Method:

In order to arrive at the fair value of the Company, we have considered the following:

- (a) The Inventories, i.e. unsold units at Zandu Sigma Estate, have been valued at market value (considering circle rate) as on valuation date.
- (b) The Investments in equity shares of Emami Agrotech Limited & 2 Co-operative Banks are of insignificant value as the percentage holding of shares is minimal and thus valued at book value.
- (c) The investments in preference shares and optionally convertible debentures have been valued at the book value of investments as on 31st March, 2017.
- (d) All other assets & liabilities which are not part of the project as mentioned above, have been valued at book values as on 1st April, 2017, relying on management's representation that these assets are realizable at their book values in the ordinary course of business.

The valuation of ZRL under Net Asset Value Method is arrived at Rs.2473.26 per share.

4.2 Discount Cash Flow (DCF) Method:

The income based method of valuations is based on the premise that the current value of any business is a function of the future value that an investor can expect to receive from purchasing all or part of the business.

Under this technique the projected free cash flows to the equity shareholders are discounted at the cost of capital. The sum of the discounted value of such free cash flows is the value of the equity shares. Using the DCF analysis involves estimating future free cash flows and application of appropriate discount rate to cash flows. The DCF approach is considered theoretically the most sound, scientific and acceptable method for determination of the value of a business undertaking. The value so derived is not impacted by accounting practices as it is based on cash flows and not book profits. Further DCF factor incorporates all factors relevant to the business.

4.2.1 Valuation of EIL under Discounted Cash Flow Method:

The Net Present Value (NPV) arrived under Discounted Cash Flow (DCF) approach calculates the value added to the firm as a whole on acceptance & successful execution of a particular project. In order to arrive at the fair value of the company, we have considered the following:

- (a) Projects under execution or which are under advanced stage of planning / implementation and against which future projections can be forecasted accurately have been valued as per DCF/NPV approach.
- (b) Joint Development Agreements & Project Management Arrangements against which future projections can be forecasted have been valued as per DCF/NPV approach.
- (c) Investments in subsidiaries, other associate companies & LLPs have been considered at project value (DCF) to the extent of EIL's share in respective companies/entities.
- (d) Investment in Zandu Realty Limited has been valued at relative value arrived as below in paragraph no. 4.4.2.
- (e) Land & properties which are not part of the project has been valued at market value considering circle rate as on the valuation date.
- (f) All other assets & liabilities which are not part of the project as mentioned above, have been valued at book values as on 1st April 2017, relying on management's representation that these assets are realizable at their book values in the ordinary course of business.

The valuation of EIL under Discounted Cash Flow Method is arrived at Rs.312.54 per share.

4.2.2 Valuation of ZRL under Discounted Cash Flow Method:

The Company has entered into a Development Agreement with Seth Corp. for construction of buildings for commercial use on its land at Dadar, Mumbai. As on 31 March 2017, the Company has 12 Nos. unsold units as inventory. The Company is exploring further opportunities and has in the meantime deployed its funds in investment in securities of listed/unlisted companies. The Company has no sustained future stream of operating cash flows apart from earnings in the form of interest and dividend.

In view of the same, we have not considered the income approach for the purpose of valuation of ZRL.

4.3 Market Price (MP) Method:

The market price of an equity share as quoted on a stock exchange is normally considered as the fair value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares. But there could be situations where the value of the share as quoted on the stock market would not be regarded as a proper index of the fair value of the share especially where the market values are fluctuating in a volatile capital market. Further, in the case of a merger/demerger, where there is a question of evaluating the shares of one company against those of another, the volume of transactions and the number of shares available for trading on the stock exchange over a reasonable period would have to be of a comparable standard.

In order to represent the fair market price nearer to the valuation report dated 28th June 2017, we have considered higher of i) average of weekly high and low of the volume weighted average price (VWAP) during twenty six weeks preceding 28th June 2017 ii) the average of weekly high and low of the volume weighted average price (VWAP) during two weeks preceding 28th June 2017; of price quoted on the National Stock Exchange of India Limited for both the companies.

4.3.1 Valuation of EIL under Market Price Method:

The valuation of EIL considering the above approach has been arrived at Rs.138.41 per share.

4.3.2 Valuation of ZRL under Market Price Method:

The valuation of ZRL considering the above approach has been arrived at Rs.1287.03 per share.

4.4 Relative value per share:

The fair basis of proposed amalgamation of ZRL in EIL would have to be determined after taking into consideration all the factors and methodologies mentioned hereinabove. Though different values have been arrived under each of the above methodologies, for the purpose of recommending a share exchange ratio of equity shares, it is necessary to arrive at the single relative values of EIL & ZRL. It is however important to note that in doing so, we are not attempting to arrive at the absolute equity value but at their relative values to facilitate the determination of a fair share exchange ratio. For this purpose, it is necessary to give appropriate weights to the value arrived at under each methodology.

4.4.1 Relative Value per share of EIL:

As discussed above, the company is involved in various real estate developments either on land owned by company or its subsidiaries or by entering into joint development agreements with third parties. Given that a number of projects are under construction and others under planning and/or execution, the Company is expected to earn higher operating cash flows in future and accordingly a much higher weightage needs to be given to the value as arrived under income approach in comparison to other approaches. In view of the same, we have considered it appropriate to give higher weight of 70% to the value arrived under "income approach" and equal weights of 15% each to values as arrived under "asset approach" and "market approach".

Relative value per share of EIL has been arrived at Rs.268.50 as summarized below:

Valuation Approach	Value Per Share (Rs.)	Weights	Weighted Price (Rs.)
Net Asset Value Method (Asset Approach)	194.36	0.15	29.15
Discounted Cash Flow Method (Income Approach)	312.54	0.70	218.78
Market Price Method (Market Approach)	138.41	0.15	20.76
Relative Value per share of Rs 2 each			268.69
Relative Value per share of Rs 2 each (Rounded off)			268.50

4.4.2 Relative value per share of ZRL:

As discussed, the company has already developed its land at Dadar, Mumbai and has presently, no project to develop. Therefore, we have not considered income approach for the purpose of valuation. We have considered it appropriate to give equal weights to the value as arrived under “asset approach” and “market approach”.

Relative value per share of ZRL has been arrived at Rs.1880 as summarized below.

Valuation Approach	Value Per Share (Rs.)	Weights	Weighted Price (Rs.)
Net Asset Value Method (Asset Approach)	2,473.26	0.50	1,236.63
Market Price Method (Market Approach)	1,287.03	0.50	643.52
Relative Value per share of Rs 100 each			1,880.15
Relative Value per share of Rs 100 each (Rounded off)			1,880.00

5. Recommendation of fair share exchange ratio

The share exchange ratio has been arrived on the basis of a relative valuation of the shares of the Companies based on the approaches explained herein earlier and various qualitative factors relevant to each company and the business dynamics and growth potential of the business of the Companies, having regard to information base, management representations and perceptions, key underlying assumptions and limitations.

In the light of above, and on a consideration of all the relevant factors as discussed and outlined hereinabove, in our opinion, the share exchange ratio should be:

7 (Rounded off) Equity Shares of Rs. 2 each fully paid up of EIL against 1 Equity Share of Rs. 100 each fully paid of ZRL is fair and equitable for the equity shareholders of both the companies.

The Board of Directors

Emami Infrastructure Limited ("**Company**")
Emami Tower, 2nd Floor,
687 Anandapur, E. M. Bypass
Kolkata – 700 107

Dear Members of the Board:

I. ENGAGEMENT

We understand that the Board of Directors of Emami Infrastructure Limited ("**EIL**") and Zandu Realty Limited ("**ZRL**") are considering an amalgamation of EIL and ZRL under a Composite Scheme of Amalgamation ("**Scheme**") under Section 230 to 232 of the Companies Act, 2013. Under the Scheme, the consideration of the merger is to be settled by EIL by issuance of equity shares of EIL to shareholders of ZRL. The shares will be issued to shareholders of ZRL based on the fair value of both the companies. The equity shares of EIL is listed on BSE Limited, National Stock Exchange of India Limited and the Calcutta Stock Exchange Limited whereas the equity shares of ZRL is listed on the BSE Limited and the National Stock Exchange of India Limited and are a part of the Emami Group.

The terms and conditions in the proposed amalgamation are more fully set out in draft scheme document shared with us ("**Draft Scheme Document**"), the final version of which will be filed by the aforementioned companies with the appropriate authorities

We further understand that the respective shareholding on the proposed mergers have been arrived at based on the valuation report dated 28th June, 2017 prepared by M/s S. K. Agrawal & Co. Independent Chartered Accountants and Auditors of the Company (the "**Valuer**"), who have been appointed for this exercise by EIL and ZRL jointly

In connection with the aforesaid, both EIL and ZRL vide separate engagement letters have requested our opinion ("**Opinion**"), as of 1st April, 2017, as to the fairness of the share entitlement ratio, as proposed by the Valuer, from a financial point of view, to the shareholders of EIL and ZRL. We have not undertaken a valuation of the businesses of EIL and ZRL. Further, we have not independently checked or verified the assumptions made by the Valuer. Based on our perusal of the valuation report dated 28th June, 2017 and the Draft Scheme Document, including any assumptions and caveats mentioned therein, we understand that as 7 equity shares of Rs. 2 each of EIL will be issued for every 1 equity share of Rs. 100 each of ZRL to the shareholders of ZRL

The rationale for the Scheme as shared with us by the EIL's management is based *inter-alia* on some of the following benefits:

1. EIL and ZRL are both engaged in real estate business and are listed companies. ZRL is an associate of EIL and both are Companies under the same management. Thus, the amalgamation will ensure focused management in a single combined entity thereby resulting in efficiency of management and maximising overall shareholder value;
2. The proposed amalgamation will bring in advantages of synergy in operations and economies of scale. The pooling of resources of companies will create strong financial structure and facilitate resource mobilisation and achieve better cash flows. The

combined net worth in a single entity shall facilitate in attracting funds from strategic investors and/or financial institutions at competitive rates. Thus, the synergies created by the horizontal merger will increase the operational efficiency and integrate business functions of the amalgamated entity and help to pursue inorganic and organic growth opportunities of such business. It will also lead to more efficient utilisation of capital and create a consolidated base for future growth of the amalgamated entity

3. The amalgamation will also result in administrative and operational rationalisation, organisational efficiencies, reduction in overheads and other expenses and optimal utilisation of various resources. It will prevent cost duplication, overlapping of administrative responsibilities and multiplicity of records, legal and regulatory compliances generally involved with running two separate entities and more particularly due to the listed status of both the companies involved. It will enable a dedicated management to focus and accelerate growth of the amalgamated entity
4. The amalgamation will result in not only, pooling of efficient human resources and putting them to optimum utilisation for the growth of the merged entity but also attracting efficient manpower by the merged entity
5. The rationale for continuing with two separate entities in the same business no longer exists. It is considered prudent and more appropriate to consolidate similar businesses in one entity. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business, thus enabling focus on core competencies
6. The amalgamation will enable greater realization of the potential of the businesses of the EIL and ZRL in the amalgamated entity and have beneficial results for all concerned

this Opinion. Any person / party intending to provide finance or invest in the shares/ business of either EIL and/or ZRL or their subsidiaries/joint ventures/associates shall do so after seeking their own professional advice and after carrying out their own due diligence procedures to ensure that they are making an informed decision.

It is hereby notified that any reproduction, copying or otherwise quoting of this Opinion or any part thereof, other than in connection with the Scheme as aforesaid can be done only with our prior permission in writing. We acknowledge that this Opinion will be shared to the extent as may be required, with the relevant National Company Law Tribunal, advisors of EIL and ZRL in relation to the Scheme, as well as with the statutory authorities.

We have assumed and relied upon the accuracy and completeness of all information and documents provided to us, data publicly available or otherwise reviewed by or discussed by the management with us. We have relied upon the EIL and ZRL's assurances that they are not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any respect.

We have not carried out any due diligence or independent verification or validation of any information to establish its accuracy or sufficiency. We have not conducted any independent valuation or appraisal of any of the assets or liabilities of the EIL and ZRL or their respective subsidiaries/affiliates. In particular, we do not express any opinion as to the value of any asset of EIL, ZRL and or their respective subsidiaries/affiliates, whether at current prices or in the future. No investigation of the respective Company's claim to title of assets has been made for the purpose of the exercise and the companies' claim to such rights has been assumed to be fully valid. We assume no responsibility whatsoever for matters of a legal nature. Further, we have not evaluated solvency or fair value of the EIL or ZRL under any law relating to bankruptcy, insolvency or a similar matter.

Our analysis and results are also specific to the position as of April 1, 2017 and based on information as at April 1, 2017. An exercise of this nature involves consideration of various factors. This Opinion is issued on the understanding that EIL and ZRL have drawn our attention to all the matters, which they are aware of concerning the financial position of EIL and/or ZRL, their businesses, and any other matter, which may have an impact on our Opinion, on the Share Entitlement Ratio for the Scheme, including any significant changes that have taken place or are likely to take place in the financial position of the Companies or their businesses subsequent to the proposed Appointed Date (i.e. April 1, 2017) for the Scheme. We have no responsibility to update this Opinion for events and circumstances occurring after the date of this Opinion.

One should note that valuation is not an exact science and that estimating values necessarily involves selecting a method or approach that is suitable for the purpose. Moreover, in this case where shares of the EIL are being issued as consideration to the shareholders of ZRL, it is not the absolute valuation that is important for framing an opinion but the relative valuation of EIL and ZRL, respectively.

We have assumed, that the Scheme will be in compliance with all applicable laws and other requirements and will be implemented on the terms described in the Draft Scheme Document, without any waiver or modification of any material terms or conditions, and that in the course of obtaining the necessary regulatory or third party approvals for the Scheme, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on EIL, ZRL or its relevant subsidiaries/affiliates and their respective shareholders. We have assumed, at the directions of the EIL and ZRL, that the final Scheme will not differ in any material respect from the Draft Scheme

1st July, 2017
The Board of Directors

Zandu Realty Limited ("Company")
Corp Office: Akash Tower, 3rd Floor, 781 Anandpur
E. M. Bypass, Kolkata – 700 107

Dear Members of the Board:

I. ENGAGEMENT

We understand that the Board of Directors of Emami Infrastructure Limited ("**EIL**") and Zandu Realty Limited ("**ZRL**") are considering an amalgamation of EIL and ZRL under a Composite Scheme of Amalgamation ("**Scheme**") under Section 230 to 232 of the Companies Act, 2013. Under the Scheme, the consideration of the merger is to be settled by EIL by issuance of equity shares of EIL to shareholders of ZRL. The shares will be issued to shareholders of ZRL based on the fair value of both the companies. The equity shares of EIL is listed on BSE Limited, National Stock Exchange of India Limited and the Calcutta Stock Exchange Limited whereas the equity shares of ZRL is listed on the BSE Limited and the National Stock Exchange of India Limited and are a part of the Emami Group.

The terms and conditions in the proposed amalgamation are more fully set out in draft scheme document shared with us ("Draft Scheme Document"), the final version of which will be filed by the aforementioned companies with the appropriate authorities

We further understand that the respective shareholding on the proposed mergers have been arrived at based on the valuation report dated 28th June, 2017 prepared by M/s S. K. Agrawal & Co. Independent Chartered Accountants and Auditors of the Company (the "**Valuer**"), who have been appointed for this exercise by EIL and ZRL jointly

In connection with the aforesaid, both EIL and ZRL vide separate engagement letters have requested our opinion ("**Opinion**"), as of 1st April, 2017, as to the fairness of the share entitlement ratio, as proposed by the Valuer, from a financial point of view, to the shareholders of EIL and ZRL. We have not undertaken a valuation of the businesses of EIL and ZRL. Further, we have not independently checked or verified the assumptions made by the Valuer. Based on our perusal of the valuation report dated 28th June, 2017 and the Draft Scheme Document, including any assumptions and caveats mentioned therein, we understand that as 7 equity shares of Rs. 2 each of EIL will be issued for every 1 equity share of Rs. 100 each of ZRL to the shareholders of ZRL

The rationale for the Scheme as shared with us by the EIL's management is based *inter-alia* on some of the following benefits:

1. EIL and ZRL are both engaged in real estate business and are listed companies. ZRL is an associate of EIL and both are Companies under the same management. Thus, the amalgamation will ensure focused management in a single combined entity thereby resulting in efficiency of management and maximising overall shareholder value;
2. The proposed amalgamation will bring in advantages of synergy in operations and economies of scale. The pooling of resources of companies will create strong financial structure and facilitate resource mobilisation and achieve better cash flows. The combined net worth in a single entity shall facilitate in attracting funds from strategic

investors and/or financial institutions at competitive rates. Thus, the synergies created by the horizontal merger will increase the operational efficiency and integrate business functions of the amalgamated entity and help to pursue inorganic and organic growth opportunities of such business. It will also lead to more efficient utilisation of capital and create a consolidated base for future growth of the amalgamated entity

3. The amalgamation will also result in administrative and operational rationalisation, organisational efficiencies, reduction in overheads and other expenses and optimal utilisation of various resources. It will prevent cost duplication, overlapping of administrative responsibilities and multiplicity of records, legal and regulatory compliances generally involved with running two separate entities and more particularly due to the listed status of both the companies involved. It will enable a dedicated management to focus and accelerate growth of the amalgamated entity
4. The amalgamation will result in not only, pooling of efficient human resources and putting them to optimum utilisation for the growth of the merged entity but also attracting efficient manpower by the merged entity
5. The rationale for continuing with two separate entities in the same business no longer exists. It is considered prudent and more appropriate to consolidate similar businesses in one entity. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business, thus enabling focus on core competencies
6. The amalgamation will enable greater realization of the potential of the businesses of the EIL and ZRL in the amalgamated entity and have beneficial results for all concerned

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF THE TRANSFEREE COMPANY

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF EMAMI INFRASTRUCTURE LIMITED AT ITS MEETING HELD ON SATURDAY THE 1ST DAY OF JULY, 2017 AT THE CORPORATE OFFICE OF THE COMPANY AT "AKASH TOWER", 3RD FLOOR, 781 ANANDAPUR, E. M. BYPASS, KOLKATA 700107, EXPLAINING THE EFFECT OF THE SCHEME OF AMALGAMATION ON EACH CLASS OF SHAREHOLDERS, KEY MANAGERIAL PERSONNEL, PROMOTER AND NON-PROMOTER SHAREHOLDERS.

MEMBERS PRESENT:

Mr. Hari Mohan Marda	Director
Mr. Ram Gobind Ganeriwala	Director
Mr. Debasish Bhaumik	Director
Mr. Girja Kumar Choudhary	Whole-time Director & CFO

IN ATTENDANCE

Ms. Payel Jain, Company Secretary

I. BACKGROUND:

- a) The Proposed Scheme of Amalgamation between Emami Infrastructure Limited ('Transferee Company' or 'EIL') and Zandu Realty Limited ('Transferor Company' or 'ZRL') and their respective shareholders and creditors (the "Scheme") was approved by the Board of Directors of the Transferee Company (the "Board") vide resolution dated 1st July, 2017.
- b) The provisions of Section 232(2)(c) of the Companies Act, 2013 ('the Act') requires the Directors to adopt a report explaining the effect of the compromise on each class of shareholders, key managerial personnel and promoter and non-promoter shareholders laying out in particular the share exchange ratio, specifying any special valuation difficulties.
- c) This report of the Board is accordingly being made pursuant to the requirements of Section 232(2)(c) of the Act for circulating to the equity shareholders of the Company explaining the effect of the Scheme of Amalgamation on equity shareholders, promoters and non-promoter shareholders laying out in particular the share exchange ratio.
- d) The following documents were placed before the Board:
 - i) Draft Scheme of Amalgamation;
 - ii) Valuation Report dated 28th June, 2017 issued by M/S. S.K. Agrawal & Co., Independent Chartered Accountants;
 - iii) Certificate by M/S. S. K. Agrawal & Co., Statutory Auditors of the Company confirming that the draft Scheme is in compliance with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013;
 - iv) Fairness Opinion dated 1st July, 2017 issued by IIFL Holdings Ltd, a category I Merchant Banker;
 - v) Report of the Audit Committee dated 1st July, 2017 recommending the Scheme.

REPORT:

Based on review of the Draft Scheme of Amalgamation between EIL and ZRL and the above mentioned documents the Board was of the opinion that:

A) Effect of the Scheme of Amalgamation on equity shareholders (promoter and non-promoter shareholders) of EIL:**On Promoters:**

Since the Transferor Company is an Associate of the Transferee Company, upon sanction of this Scheme by the National Company Law Tribunal, the shareholding of Transferee Company aggregating to 35.51% in the paid-up share capital of the Transferor Company will be cancelled and there will be no issue of shares by the Transferee Company to the extent of its shareholding in the share capital of the Transferor Company.

Thus, the Promoter's shareholding in the Transferee Company will get diluted from 58.06% to 50.49 % pursuant to the Scheme.

On Non-Promoters:

As per the share entitlement ratio recommended by M/S. S. K. Agrawal & Co., Independent Chartered Accountants, 7 equity shares of ₹ 2/- each of the Company, credited as fully paid-up will be issued to the non-promoter shareholders of ZRL, for every 1 equity share held by such shareholder in ZRL, in consideration for the amalgamation of ZRL into and with the Company.

The non-promoters shareholding in the Company shall increase from 41.94% to 49.51 %.

B) Effect of the Scheme of Amalgamation on Directors and Key Managerial Personnel of Transferee Company:

- i. Mr. Abhijit Datta, Mr. Hari Mohan Marda and Mrs. Karabi Sengupta are Independent Directors on the Board of both the Transferor Company and Transferee Company.
- ii. The individual shareholding, of each of the Directors, the Key Managerial Personnel and their respective relatives, is less than 2% of the paid-up share capital of the Company, as under:

SL. NO.	NAME OF THE DIRECTORS / KMP OF EIL	DESIGNATION/CATEGORY	NO. OF EQUITY SHARES HELD IN	
			EIL	ZRL
1.	Mr. Abhijit Datta	Independent Director	NIL	NIL
2.	Mr. Hari Mohan Marda	Independent Director	NIL	NIL
3.	Mr. Ram Gobind Ganeriwala	Independent Director	2,000	NIL
4.	Mr. Debasish Bhaumik	Independent Director	NIL	NIL
5.	Mrs. Karabi Sengupta	Independent Director	NIL	NIL
6.	Mr. Basant Kumar Parakh	Non-Executive Director	NIL	NIL
7.	Mr. Rajesh Bansal	Whole-time Director	3,942	NIL
8.	Mr. Girija Kumar Choudhary	Whole-time Director & CFO	NIL	NIL
9.	Mr. Sanjay Choudhary	Whole-time Director	NIL	NIL
10.	Dr. Kalyanasundaram Ramamurthy	Whole-time Director	NIL	NIL
11.	Ms. Payel Jain	Company Secretary	NIL	NIL

- iii. Therefore, the Scheme is not expected to have any effect on the Directors, Key Managerial Personnel and their respective relatives (as defined under the Act) except to the extent of their shareholding in EIL. Further, no change in the Board of Directors of the Company is envisaged on account of the Scheme.
- iv. On and from effective date, EIL undertakes that all persons that were employed by ZRL immediately before such date shall become employees of EIL with the benefit of continuity of service on same terms and conditions as were applicable to such employees of ZRL immediately prior to such transfer without any break or interruption of service. In such circumstances, the rights of the employees of ZRL would in no way be affected by the scheme.

C) Difficulties in Valuation, if any:

- i. The Share Exchange Ratio as recommended by M/s S.K. Agrawal & Co., Independent Chartered Accountants in their Report dated 28th June, 2017 is as follows:
7 equity shares of ₹ 2/- each of the Company, credited as fully paid-up to be issued to the Shareholders of ZRL, for every 1 equity share held by such shareholder in ZRL, in consideration for the amalgamation of ZRL into and with the Company.
- ii. The Board of Directors observe that no issues or difficulties regarding the valuation has been mentioned in the Valuation Report dated 28th June, 2017 issued by M/s S. K. Agrawal & Co., Independent Chartered Accountants.

In the opinion of the Board, the said scheme will be in the interest of the Company, shareholders, creditors and other related stakeholders of both the companies and the terms thereof are fair and reasonable.

 - i) Draft Scheme of Amalgamation;
 - ii) Valuation Report dated 28th June, 2017 issued by M/s. S. K. Agrawal & Co., Independent Chartered Accountants;
 - iii) Certificate by M/s. S. K. Agrawal & Co., Statutory Auditors of the Company confirming that the draft Scheme is in compliance with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013
 - iv) Fairness Opinion dated 1st July, 2017 issued by IIFL Holdings Limited, a Category I Merchant Banker;
 - v) Report of the Audit Committee dated 1st July, 2017 recommending the Scheme.

REPORT:

Based on review of the Draft Scheme of Amalgamation between Transferee Company and Transferor Company and the above mentioned documents the Board was of the opinion that:

A) Effect of the Scheme of Amalgamation on equity shareholders (promoter and non-promoter shareholders) of Transferor Company:

On Promoters:

Since the Transferor Company is an Associate of the Transferee Company, upon sanction of this Scheme by the National Company Law Tribunal, the shareholding of Transferee Company aggregating to 35.51% in the paid-up share capital of the Transferor Company will be cancelled and there will be no issue of shares by the Transferee Company to the extent of its shareholding in the share capital of the Transferor Company.

On Non-Promoters:

As per the share entitlement ratio recommended by M/s. S. K. Agrawal & Co., Independent Chartered Accountants, 7 equity shares of ₹ 2/- each of the Transferee Company, credited as fully paid-up will be issued to the non-promoter

shareholders of Transferor Company, for every 1 equity share held by such shareholder in Transferor Company, in consideration for the amalgamation of Transferor Company into and with the Transferee Company.

The non-promoters shareholding in the Transferee Company shall increase from 41.94% to 49.51 %.

B) Effect of the Scheme of Amalgamation on Directors and Key Managerial Personnel of Transferor Company:

- i. Mr. Abhijit Datta, Mr. Hari Mohan Marda and Mrs. Karabi Sengupta are Independent Directors on the Board of both the Transferor Company and Transferee Company.
- ii. None of the Directors, the Key Managerial Personnel and their respective relatives, holds any shares of both the Companies. The details of which are mentioned below:

SL. NO.	NAME OF THE DIRECTORS / KMP OF EIL	DESIGNATION/CATEGORY	NO. OF EQUITY SHARES HELD IN	
			EIL	ZRL
1.	Mr. Abhijit Datta	Independent Director	NIL	NIL
2.	Mr. Hari Mohan Marda	Independent Director	NIL	NIL
3.	Mr. Aditya Poddar	Independent Director	NIL	NIL
4.	Mrs. Karabi Sengupta	Independent Director	NIL	NIL
5.	Mr. Sandeep Jhunjunwala	Manager & CFO	NIL	NIL
6.	Ms. Priyanka Mundhra	Company Secretary	NIL	NIL

- iii. Therefore, the Scheme is not expected to have any effect on the Directors, Key Managerial Personnel and their respective relatives (as defined under the Act) and they do not hold any shares in EIL or ZRL.
- iv. On and from effective date, Transferee Company undertakes that all persons that were employed by Transferor Company immediately before such date shall become employees of Transferee Company with the benefit of continuity of service on same terms and conditions as were applicable to such employees of Transferor Company immediately prior to such transfer without any break or interruption of service. In such circumstances, the rights of the employees of Transferor Company would in no way be affected by the scheme.

C) Difficulties in Valuation, if any:

- i. The Share Exchange Ratio as recommended by M/s. S. K. Agrawal & Co., Independent Chartered Accountants in their Report dated 28th June, 2017 is as follows:
7 equity shares of Rs. 2/- each of the Transferee Company, credited as fully paid-up to be issued to the Shareholders of Transferor Company, for every 1 equity share held by such shareholder in Transferor Company, in consideration for the amalgamation of Transferor Company into and with the Transferee Company.
- ii. The Board of Directors observe that no issues or difficulties regarding the valuation has been mentioned in the Valuation Report dated 28th June, 2017 issued by M/s. S. K. Agrawal & Co., Independent Chartered Accountants

In the opinion of the Board, the said scheme will be in the interest of the Transferee Company, shareholders, creditors and other related stakeholders of both the companies and the terms thereof are fair and reasonable.
